INDEX TO VOLUME XXIII

AUTHORS INDEX*

A

ACKEN, HENRY S., JR., Report of 535 consecutive cases of mid and high forceps, 538, 613

ADAIR, FRED L., Syphilis of the fetus and newborn infant, 111, 140

ADAMS, THEODORE W., The cesarean section statistics for the city of Portland, Oregon, from 1926 to 1929, 511

ADLER, L., The treatment of carcinoma of the cervix by vaginal hysterectomy and radium, 332

ALLEN, EDWARD, Endometrial transplantation, 343

ARIES, LEON J., PILOT, I., AND SHAFFER, MYRTLE S., Bacteriology of newborn with special reference to hemolytic streptococci, 745

ARNESON, A. M., AND MORRIN, K. C., A study of blood and urinary amylase in pregnancy and its late toxemias, 664

ASHTON, PAUL, (WITH STANDER, H. J., AND CADDEN, J. F.), The value of the various kidney function tests in the differentiation of the toxemias of pregnancy, 461

AYO, T. B., (WITH KING, E. L., AND MAYER, GEORGE A.), The use of sodium isoamylethyl barbiturate (sodium amytal) in the treatment of eclampsia, 867

B

BAER, JOSEPH L., (WITH REIS, RALPH A.), Report of a case of sympus apus, a rare fetal anomaly, 749

BALDWIN, J. F., The treatment of pus tubes, 207, 284

BILL, ARTHUR H., The newer obstertrics, 155, 287

—, (WITH MULL, J. W.), Calcium and inorganic phosphorus content of prenatal and postpartum serum, 807

BINGHAM, ARTHUR W., The prevention of obstetric complications by diet and exercise, 38

BLAND, P. BROOKE, AND GOLDSTEIN, LEOPOLD, Coagulability of the blood in pregnancy, 815

—, FIRST, ARTHUR, AND ROEDER, PAUL, A comparative study of the Aschheim-Zondek and Mazer-Hoffman tests for early pregnancy, 83, 135

BRECKINRIDGE, SCOTT, Some practical aspects of hypothyroidism, 871

BOYNTON, RUTH E., A study of the menstrual histories of 2,282 university women, 516

BROWN, T. K., A proposed modification of the Aschheim-Zondek pregnancy test, 379

—, (WITH SOULE, S. D.), Anaerobic streptococci in the vagina of normal clinic patients, 532

—, with —, Anterior pituitary hormone in the cerebrospinal fluid during pregnancy, 44

C

CADDEN, J. F., (WITH STANDER, H. J., AND ASHTON, PAUL), The value of the various kidney function tests in the differentiation of the toxemias of pregnancy, 461

CANAVAN, MYRTELLE M., (WITH HEMSATH, FREDERICK A.), Microscopic cerebral hemorrhage in stillbirths and newborn deaths, 471

COGILL, LIDA STEWART, Complete spontaneous rupture of uterus in a normal breech labor, 296

—, Hydatidiform mole with a subsequent negative Aschheim-Zondek reaction, 295

CORNELL, E. L., AND WARFIELD, C. H., The value of kidney visualization in pregnancy, 755

COURTISS, MORRIS, AND FISHER, J. C. V., An analytic study of 1000 cases of cesarean section, 679

D

D'ACIERNO, PELLEGRINO, The lower segment cesarean section, or celio-isthmotomy, 821

DANFORTH, W. C., The treatment of occipitoposterior positions with especial reference to manual rotation, 360, 450

DAVIS, M. EDWARD, AND FERRILL, H. WARD, Some observations on the Aschheim-Zondek test in the diagnosis of pregnancy, 567

DEPORTE, J. V., The prevalent hour of stillbirth, 31

DIECKMANN, WM. J., Osteomalacia in pregnancy, 478

—, AND WEGNER, CARL R., Eclampsia without convulsions or coma, 657

DOWNS, CORNELIA M., (WITH STOOKEY, PAUL F.), Some observations concerning erythematous eruptions simulating scarlet fever developing in the puerperium, 735

E

EADES, M. F., Observations on the use of spinal anesthesia in abdominal obstetric operations, 407

EDWARDS, DOROTHY, The excretion of estrin during pregnancy, 694

EISAMAN, J. R., (WITH TITUS, PAUL), An eight months' extrauterine pregnancy calcified and retained for forty years, 217, 288

EMERSON, HAVEN, Factors leading to misinterpretation of maternal mortality rates, 605

F

FERRILL, H. WARD, (WITH DAVIS, M. EDWARD), Some observations on the Aschheim-Zondek test in the diagnosis of pregnancy, 567

FETTERMAN, FAITH S., Referred pain of ureteral origin, 259, 297

*January, pp. 1-154; February, pp. 155-308; March, pp. 309-460; April, pp. 461-618; May, pp. 619-774; June, pp. 775-928.

FINK, HARRY W., Rupture of a pregnant uterus into the bladder, 760
FIRST, ARTHUR, (WITH BLAND, P. BROOKE, AND ROEDER, PAUL), A comparative study of the Aschheim-Zondek and Mazer-Hoffman tests for early pregnancy, 83, 135
FISHER, J. C. V., (WITH COURTISS, MORRIS), An analytic study of 1000 cases of cesarean section, 679
FRANK, ROBERT T., AND GEIST, SAMUEL H., Additional reports on the satchel handle operation for artificial vagina, 256
FRANKENTHAL, LESTER E., JR., AND KOBAK, ALFRED J., Trichomonas vaginalis occurring before menstruation, 450
FREIHEIT, JOHN M., The bromsulphalein test for liver function in toxemias of pregnancy, 797

ZIEGLER, CHARLES EDWARD, An atomizer for vaginal antisepsis during labor and vaginal medication in gynecologic practice, 600

SUBJECT INDEX*

A

Abdominal aspiration of hydramnion fluid, (Henkel), 458 (Abst.)
incisions, (Sloan), 226, 289
obstetric operations, spinal anesthesia in, (Eades), 407
pregnancy, preeclampsia in an, (Lash), 139
total hysterectomy, (von Graff), 195, 290
Abortion, therapeutic, in pulmonary tuberculosis, (Ingraham), 1
Abscess, uterine, hysterectomy, recovery, (Lifvendahl), 97
Abstracts:
kidney disease in pregnant women, 149
miscellaneous, 37, 82, 89, 96, 110, 114, 121, 225, 350, 438, 493, 609, 759, 814, 842
pathology of pregnancy, 457
physiology of pregnancy, 303, 615
Age and color, influence of, on maternal and fetal death rate, (Peckham), 787
of pregnant patient and its effect upon type of delivery, (Peckham), 635
Alkali reserve of the blood in pregnancy, labor, and puerperium, changes in, (Malfatti and Burtscher), 308 (Abst.)
Amenorrhea accompanied by genital hypoplasia, relation of, to the follicular hormone in the urine, (Kurzrok and Ratner), 689
American Association of Obstetricians, Gynecologists and Abdominal Surgeons, transactions of, 276
Board of Obstetrics and Gynecology, 152, 460, 618, 927
Gynecological Society, transactions of, 122
Ammonia content of the blood in pregnancy, (Bok), 308 (Abst.)
Amniotic epithelium, role of, in genesis of hydramnios, (Momigliano), 458 (Abst.)
Amniotin in the menopause, therapeutic value of, (Geist and Spielman), 697
Amylase, blood and urinary, in pregnancy and its late toxemias, study of, (Arneson and Morrin), 664
Anaerobic streptococci in vagina of normal clinic patients, (Soule and Brown), 532
Analgesia, obstetric, sodium isoamylethyl barbiturate and nitrous - oxide - oxygen, (Ruth and Paxson), 90, 132
Anemia in pregnancy, hematologic investigation of, (Suwa), 459 (Abst.)
pernicious type of, (Maisel), 460 (Abst.)
physiologic, (Bland, Goldstein, and First), 438 (Abst.)
pernicious-like, during pregnancy, due to lead poisoning, (Husfeldt), 609 (Abst.)
prophylaxis of, in pregnancy, (Jerlov), 459 (Abst.)
Anesthesia, local, in gynecology and obstetrics, (Gellhorn), 908
nupercain in spinal, (Holder), 862
obstetric, with sodium isoamylethyl barbiturate and nitrous-oxide-oxygen, (Ruth and Paxson), 90, 132
sodium amytal and scopolamine, during labor, (Nelson), 752
isoamylethyl barbiturate (sodium amytal), effect of, upon newborn child, (Littell), 741
spinal, in abdominal obstetric operations, (Eades), 407
nupercain in, (Holder), 862
Anterior pituitary hormone in cerebrospinal fluid during pregnancy, (Soule and Brown), 44
sex hormones, further study of, (Soule), 708
Antiglycogen substance in blood of pregnant women, (Anselmino and Hoffman), 814 (Abst.)
Anuria, postpartum partial, with uremia and fatal upper abdominal hemorrhage, (Hamblen and Hamblin), 73
Anus, vaginal, (Potts), 892
Appendicitis, acute, complicating labor with preeclamptic toxemia, case of, (Rose), 433
Appendix, relation of female genital organs to, (Dencks), 96 (Abst.)
Aschheim-Zondek and Mazer-Hoffman tests for early pregnancy, comparative study of, (Bland, et al.), 83, 135
pregnancy test, hydatidiform mole as cause of positive, (Fanz and Gault), 305 (Abst.)
modification of, (Brown), 379
reaction, diagnosis of chorionepithelioma by means of, (Ginglinger), 306 (Abst.)
in hydatid mole and chorionepithelioma, experiences with, (Schultze - Rhonhof), 305 (Abst.)
in rabbits, (Schoeneck), 712
negative, hydatidiform mole with a subsequent, 295
new procedure in application of, (Bourg), 305 (Abst.)
reliability of, (Lassen), 305 (Abst.)
used as indication for operation in chorionepithelioma, (Fahlbusch), 306 (Abst.)
test, accuracy, of, effect of urinary preservative on, (Jacoby), 614
in diagnosis of pregnancy, observations on, (Davis and Ferrill), 567
modification of the, by the use of blood serum, (Laszlo), 889
urinary preservative, effect of, on the accuracy of, (Jacoby), 614
Atomizer for vaginal antisepsis during labor and vaginal medication in gynecologic practice, (Ziegler), 600
Atresia ani vaginalis, (Potts), 892

*January, pp. 1-154; February, pp. 155-308; March, pp. 309-460; April, pp. 461-618; May, pp. 619-774; June, pp. 775-928.

B

Bacteriology of chronic cervicitis, (Maryan), 555
of newborn with special reference to hemolytic streptococci, (Aries, Pilot, and Shaffer), 745
Baltimore Obstetrical and Gynecological Society, transactions of, 141
Bartholin gland, carcinoma of, (Rabinovitch), 268
Beckenverbindungen des menschen mit besonderer beruecksichtigung von Schwangerschaft, geburt und ihren folgen, (Putschar), 147 (Book Review)
Biologic pregnancy diagnosis, present status of, (Pfleiderer), 304 (Abst.)
Birth statistics for San Francisco, Chinese customs and traditions of childbirth with, (Lee), 434
Bladder, rupture of pregnant uterus into, (Fink), 760
Bleeding, uterine, curettage in functional, (Geist and Glassman), 14
modern conception and treatment of, (Miller, C. Jeff), 24
Blood, alkali reserve of, in pregnancy, labor, and the puerperium, change in, (Malfatti and Burtscher), 308 (Abst.)
ammonia content of, in pregnancy, (Bok), 308 (Abst.)
amylase in pregnancy and its late toxemias, study of, (Arneson and Morrin), 664
and urinary amylase in pregnancy and its late toxemias, study of, (Arneson and Morrin), 664
calcium content of, in pregnancy, postpartum, and puerperium, (Damble), 616 (Abst.)
chemistry in eclamptogenic toxemia, (Kaplan), 673
in normal pregnancy, (Kaplan), 673
coagulability of the, in pregnancy, (Bland and Goldstein), 815
coagulation in pregnancy, postpartum, and puerperium, (Damble), 616 (Abst.)
guanidine base concentration in eclampsia, (Stander), 373
in pregnancy, ammonia content of, (Bok), 308 (Abst.)
specific gravity of, (Polowe), 843
in puerperium, specific gravity of, (Polowe), 843
leucocyte content of, in pregnancy, postpartum, and puerperium, (Damble), 616 (Abst.)
menstrual, morphology of, and its diagnostic value, (Geist), 126
of pregnant women, antiglycogen substance in, (Anselmino and Hoffman), 814 (Abst.)
thyroid hormone in, (Anselmino and Hoffman), 814 (Abst.)
reaction during early pregnancy and the puerperium, (Siedentopf and Eissner), 308 (Abst.)
serum, calcium content of, during pregnancy, (Adler), 615 (Abst.)
modification of the Aschheim-Zondek test by the use of, (Laszlo), 889
typing in mothers and their newborn, (Deilmann), 842 (Abst.)
Books received, 456, 928
reviewed, 143, 298, 453
Breast, deformities of, and cosmetic operations, (Biesenberger), 455 (Book Review)
Breech deliveries, perineal retractor in, (Seibels), 903
labor, normal, complete spontaneous rupture of uterus in, (Cogill), 296
presentations, (Mohler), 61
Bromsulphalein test for liver function in toxemias of pregnancy, (Freiheit), 797
Brooklyn Gynecological Society, transactions of, 612

C

Calcium and potassium, interchange of, between mother and fetus, (Krane), 616 (Abst.)
content of blood in pregnancy, postpartum, and puerperium, (Damble), 616 (Abst.)
serum during pregnancy, (Adler), 615 (Abst.)
of prenatal and postpartum serum, (Mull and Bill), 807
partitioning in pregnancy, parturition and the toxemias, (Cantarow, Montgomery, and Bolton), 615 (Abst.)
Cancers, cervical, five to fifteen year follow-up study of, (Lynch), 128
Carcinoma developing in myomatous uterus after x-ray menopause, (Macfarlane), 108, 133
